

D.S. GOVT DEGREE COLLEGE FOR WOMEN
ONGOLE, PRAKASAM DISTRICT, AP.

PROGRAMMES CONDUCTED BY
ECOCLUB-GREEN ARMY & NSS

QUIZ ON ENVIRONMENTAL STUDIES

15-09-2017

Dept. of chemistry in association with Eco Club conducted quiz on Environmental sciences on 15-09-2017. All the students of sciences and first semester B.A, B.Com., also participated in the programme. Medha Patkar group that is headed by K. Anusha III B.Sc, P Alekhya II B.Sc, P Hanuma I BA and Sk. Anabi I B.Sc. won the first prize.

PARTICIPATION OF STUDENTS IN THE QUIZ

INTERNATIONAL OZONE DAY

16-09-2017

International Ozone Day is celebrated on 16-09-2017 by Eco club and Dept. of chemistry, under the chairmanship of FAC principal Dr. D Aanjaneyulu sir. He narrated the importance of ozone layer and the human efforts to be followed to minimize depletion of Ozone.

Prizes were distributed by the principal to the winners of quiz competition held on 15-09-2017 on environmental studies. Also convenor Dr. P.V Hemalatha, member Dr. K.V Padmavathi took students for a rally in housing board area, with slogans to educate public on Ozone depletion and its hazardous effects. All the faculty and students attended the programme and made it a grand success.

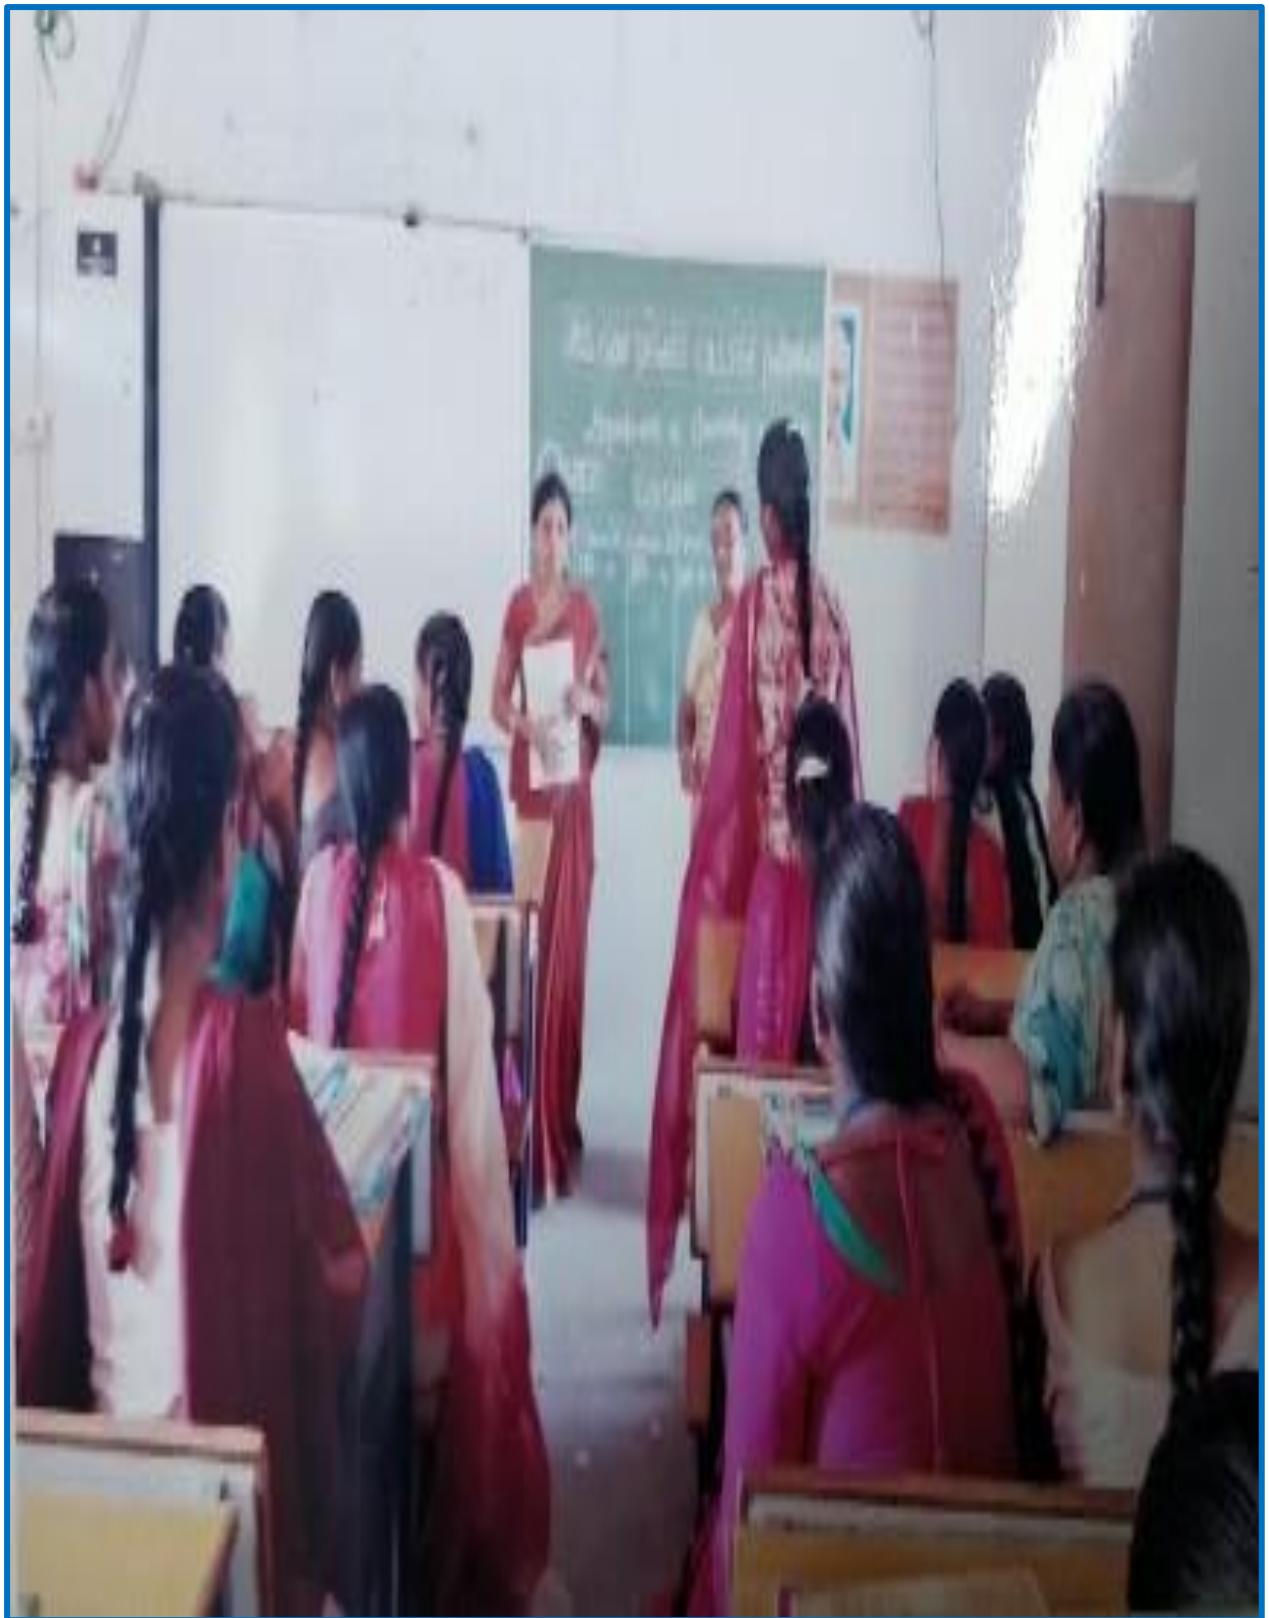

**AWARENESS RALLY OF THE STUDENTS ON THE
OCCASION OF INTERNATIONAL OZONE DAY**

QUIZ COMPETITION ON ENVIRONMENTAL STUDIES

12-09-2018

Eco club in association with Dept. of Chemistry conducted quiz on Environmental studies on 12-09-2018. All the students of 1st year BA, B.Com, namely A, B, C, D and E participated in the quiz. Among the 5 groups that participated, Group C headed by Miss. D. Mounika 1st BA, D. Siva Kumari Bai 1st B. Sc. & P. Subhadra 1st B.Com won the first prize. Group D headed by V. Susmitha 1st B.Com, B. Anjali 1st BA & M. Sravani Bai 1st BZC won the second prize and Group B headed by D. Sravani Bai 1st B.Sc, P .Santha Kumari 1st BA, & G .Sravani 1st B.Com. won the third prize. Four members from audience namely K. Kavya 1st MPCS, P. Jyothi 1st MPCS, V. Sonia 1st B.Sc BZC and D. Priyanka 1st BZC received best audience prize by responding to the questions.

PARTICIPATION OF STUDENTS IN THE QUIZ

INTERNATIONAL OZONE DAY

16-09-2018

International ozone day is celebrated on 16-09-2018 by Eco club and Dept. of Chemistry, under the chairmanship of FAC principal Dr. D. Aanjaneyulu. He addressed the students by reminding the responsibility of youth in protecting the depleting ozone layer. Also narrated that they shouldn't incline for hypocritic life and luxurious life, which may lead to the environmental imbalance. Also IQAC coordinator Miss D. Kalyani, Dr K.V. Padmavathi, I/c Dept. of Chemistry, Dr. P.V Hemalatha, Eco club convenor along with students participated in the programme.

PRIZE DISTRIBUTION BY THE PRINCIPAL

DR. D. ANJANEYULU GARU

ELOCUTION COMPETITION

12-09-2019

Elocution competitions were conducted both in Telugu and English on the topic “Plastic Waste Management” at 4 PM on 12-09-2019.

Telugu Elocution winners: G. sravani 3rd MPCS, B. Prameela 3rd BA HTP, B. Gayathri 1st B.sc BZC. English elocution winners B. Jyothirmayi 1st BA HEP and V .Kavitha 1st B.Sc BZC.

PARTICIPATION OF B.GAYATRI I BZC

IN ELOCUTION

POSTER PAINTING

13-09-2019

Poster painting competitions were conducted on 13-09-2019 at 4 PM on the topic "Save Ozone- Save Earth". Students participated very interestingly and gave their best in art. Mrs. D. Ananthalakshmi madam and Mrs. Jameela gave their judgement on painting and selected the following students as winners:

D. Siva Kumari 2nd B.sc BZC,

B. Gayathri 1st B.Sc BZC and

K .Shalini 2nd B.Com Comp.

Prizes were announced and presented on the dais by the guests on International Ozone Day.

PRIZE DISTRIBUTION BY MRS.K.SUDHA APPCB

ENGINEER

INTERNATIONAL OZONE DAY

16-09-2019

In DSGDCW, on 16th September, 2019, international Ozone Day was conducted in collaboration with AP Pollution control board, regional office, Ongole. Principal Dr. D Aanjaneyulu presided over the function. Mrs. K Sudha and Mr. P Bhaskar Varma, Asst. Environmental Engineers, APPCB, Ongole represented the programme. Our principal encouraged our students in implementing pollution control activities rather than reading the subject in his speech. Mrs. k Sudha said “that the youth should come forward to build pollution less environment and save our own environment”. Our college IQAC coordinator & Vice principal Dr. D Kalyani, Eco club convenor Dr. PV Hemalatha, I/c Dept. of Chemistry Dr. KV Padmavathi inspired students through their speech. Later all took a pledge to save environment and create awareness in their surrounding areas. Finally prizes were distributed top the winners of Elocution and painting competitions and sweets were distributed by APPCB, Ongole.

PRINCIPAL DR. D. ANJANEYULU GARU
HONOURING THE GUESTS

INTERNATIONAL OZONE DAY

16-09-2021

International ozone day is celebrated on 16-09-2021 by Eco club and department of Chemistry under the chairmanship of principal Dr. D. Kalyani. She addressed the students by reminding the responsibility of youth in protecting the depleting ozone layer. Also narrated that they shouldn't incline for hypocritic life and luxurious life, which may lead to the environmental imbalance. IQAC coordinator Dr.G.L.Sudharani, addressed the gathering to protect the Ozone layer by taking measures to control global production and consumption of substances that deplete ozone. Dr K.V. Padmavathi, I/c Dept. of Chemistry, Eco club convenor V.S.Vidyullatha along with students participated in the programme.

PRESS NOTE

PLANTATION PROGRAM

19-07-2022

Objective: To make the students aware of the importance of trees for the healthy survival of all living beings on Earth and to increase the greenery in the campus.

Brief: The theme of the program was to increase the Greenery in the college campus. The Eco club in collaboration with NSS units 1 & 2 had conducted the plantation program to increase the greenery. The students were encouraged to plant as many plants as possible.

Outcome: The students were made aware of the importance of plants and many saplings were planted in the college campus.

PLANTATION BY ECOCLUB AND NSS

STAFF RESOLUTIONS FOR "NO PLASTIC DAY" AND "NO VEHICLE DAY"

22.06.2022

under the chairmanship of principal Dr. D. Kalyani all the faculty members met in the principal chamber on 22.06.2022 at 3.00pm to discuss the following.

Agenda

1. To observe No plastic day & No Vehicle day.
2. To establish Green army.
3. Submission of AQAR 2020-21.

Resolutions:

1. To promote a eco-friendly environment and reduce vehicular pollution, it is resolved to observe every Saturday at the month as "No plastic day" and 2nd Thursday of every month as "No vehicle day".
2. It is resolved to nominate two eco-club members from each class as green army members to supervise the practice at No plastic day & No vehicle day.
3. It is resolved that all criterion in charges will scrutinize the draft AQAR 2020-21 for submission.

ECOCLUB - "NO PLASTIC DAY" AND "NO VEHICLE DAY"

DS GOVT DEGREE COLLEGE FOR WOMEN, ONGOLE
ECO CLUB

Circular

23/06/2022

In order to promote an eco-friendly environment and reduce vehicular pollution, the college is going to observe a "No Plastic Day" on every Saturday of the month and a "No Vehicle Day" on every 2nd Thursday of the month. Hence all the staff and students are informed to make note of it and follow the same.

Cooperation from the staff and students is highly solicited in this regard.

GREEN ARMY (ECO CLUB)

OBJECTIVES:

1. To educate students about the importance of environmental protection.
2. To prepare for and coordinate student participation in environmental protection and conservation.
3. Campus Clean-up and Green-Up.
4. To communicate environmental messages through a variety of media, including audio, video, posters, seminars, workshops, guest lectures, and competitions.
5. To raise society's knowledge of environmental protection and to establish a pollution-free environment.

MEMBERS DUTIES:

- Expanding their eco-consciousness and gain knowledge about the environment.
- Perform actions to improve their environment.
- Help to solve local environmental problems.
- Educate others about the environment.
- Learning about green technology.
- Meeting and collaborating with other school clubs from varying socio-economic backgrounds and cultures.
- Developing leadership skills.
- Finding their voice.
- Stretching their expectations of self.
- Positively impacting their peers, families, schools and communities.
- Creating and building upon a vision of a sustainable future.
- Opportunities to engage politicians, leaders, peers and educators.
- Participating in a grass roots movement to sustain the planet.
- Participating in field trips.
- Two students from each section are selected to be members of the Green Army which works in collaboration with Eco Club of the college.

ACTIVITIES:

- Second Thursday of every month is observed as 'vehicle free day'.
- Every Saturday is observed as 'no plastic day'.

MEMBERS LIST:

1. B. Ankitha devi (III AZC)
2. P. Anne Evangelin (III AZC)
3. CH. Deepika (III BZC)
4. J. Sruthi (III B.COM)
5. T. Venkateswari (II B.COM)
6. I. Indu (IIB.COM)
7. P. Rupa sai (II B.COM)
8. M. Mounika (III BA)
9. K. Pavani (III BA)
10. K. Victoria (III BA)
11. M. Yamuna (II MPCC)
12. P. Jyothi (II MPCC)
13. Khaeni Latha (II MPCS)

PLASTIC COLLECTION BY GREEN ARMY

NO PLASTIC DAY

17-12-2022

No Plastic Day is an initiative that aims to raise awareness about the harmful effects of plastic pollution and encourage the students to reduce the plastic usage.

Objectives:

- Raise awareness about the environmental impact of plastic pollution.
- Promote the adoption of sustainable alternatives to single-use plastics.

Description:

No plastic day is celebrated by Ecoclub and NSS. Ecoclub convenor V.S.Vidyullatha stated to promoting a plastic-free lifestyle and advocating for the reduction of plastic waste. NSS convener V.Srilakshmi taught about single-use plastics and fostering eco-friendly practices, this event encourages to take meaningful steps towards a more sustainable and plastic-free future.

Outcomes:

- Participants who actively engage in No Plastic Day activities are more likely to adopt plastic-free practices beyond the event.
- The experience of going plastic-free for a day can lead to a lasting behavioral change in how individuals consume and dispose of plastic.

PLASTIC FREE DAY - ON EVERY SATURDAY

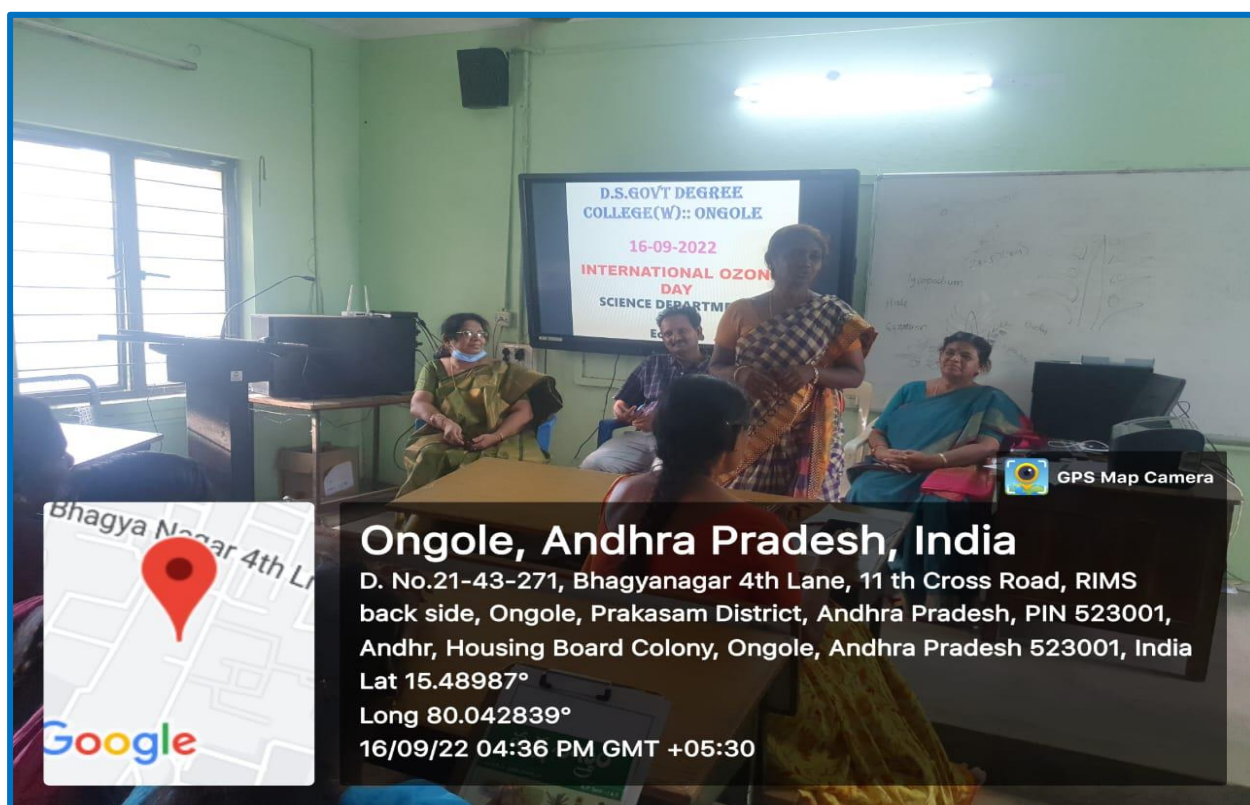

PLASTIC COLLECTION BY GREEN ARMY

INTERNATIONAL OZONE DAY

16-09-2022

International ozone day is celebrated on 16-09-2022 by all science departments in collaboration with Eco club under the chairmanship of principal Dr. D. Kalyani. She addressed the students by reminding the responsibility of youth in protecting the depleting ozone layer. Also narrated that they shouldn't incline for hypocritic life and luxurious life, which may lead to the environmental imbalance.

V.S.Vidyullatha, Ecoclub convener mentioned the theme of the year "As Protecting Life on Earth". V.Srilakshmi, department of Zoology addressed the gathering to protect the ozone layer by taking measures to control global production and consumption of substances that deplete ozone.

THE GATHERING**

DR.SRINIVASA REDDY EXPLAINING ABOUT THE HARMFUL EFFECTS OF CFC'S

WORLD SOIL DAY

05-12-2022

World Soil Day is celebrated on December 5th to raise awareness about the importance of healthy soils and the urgent need for their conservation.

Objectives:

- To raise awareness about the significance of soils in supporting life, food production, biodiversity, and climate change mitigation.
- To promote the adoption of sustainable soil management practices and the protection of soil resources from degradation and erosion.

Description:

World Soil Day is celebrated by Ecoclub, NSS and department of Botany. Soil is a living and complex ecosystem that acts as a foundation for all terrestrial life. It serves as a medium for plant growth, providing essential nutrients, water, and support for roots. Additionally, soils play a crucial role in carbon sequestration, helping to mitigate climate change by storing large amounts of carbon dioxide. Moreover, healthy soils support diverse ecosystems, including microorganisms, insects, and other fauna, contributing to biodiversity preservation.

Outcomes:

- It raises awareness about the crucial role of soil in supporting life, biodiversity, and food production.
- World Soil Day encourages the adoption of sustainable soil management practices.
- Farmers and agricultural communities are inspired to implement soil management practices, leading to improved soil health and increased crop yields.
- World Soil Day encourages the involvement of students in environmental conservation and sustainable agriculture.

CAMPUS CLEANING PROGRAM

07-01-2023

Introduction:

On 7th January 2023, a cleaning activity was conducted at the DS Govt. Degree College for Women, Ongole campus. The activity was organized by the National Service Scheme (NSS) volunteers and Eco club members of the college. The aim of the activity was to create awareness among the students about the importance of cleanliness and to make the campus a cleaner and healthier place to study.

Number of Participants:

Around 30 NSS volunteers and Eco club members participated in the cleaning activity. The volunteers were from different departments and were divided into several groups to cover different areas of the campus.

Cleaning Process:

The volunteers started the cleaning activity early in the morning. They first collected all the garbage and litter that was lying around the campus. They segregated the garbage into biodegradable and non-biodegradable waste and disposed of it in the appropriate manner. The volunteers then swept the campus, including the classrooms, corridors, and open spaces. The volunteers also planted some saplings in the campus.

Outcomes: The cleaning activity was a huge success. The campus looked much cleaner and tidier after the activity. The students were able to walk around the campus without having to worry about stepping on litter or garbage. The volunteers also learnt the importance of cleanliness and how their actions can have a positive impact on the environment.

Conclusion: The cleaning activity organized by the NSS volunteers of the DS Govt. Degree College for Women, Ongole was a great success. It not only helped to make the campus a cleaner and healthier place to study but also created awareness among the students about the importance of cleanliness and environmental conservation. The activity was a great example of how small actions can have a big impact on the environment.

CLEARANCE OF THE GRASS

CAMPUS CLEANING PROGRAM

25-01-2023

Introduction: On 25th January 2023, a cleaning activity was conducted at the DS Govt. Degree College for Women, Ongole campus. The activity was organized by the National Service Scheme (NSS) volunteers and Ecoclub members of the college. The aim of the activity was to create awareness among the students about the importance of cleanliness and to make the campus a cleaner and healthier place to study.

Number of Participants: Around 33 NSS volunteers and Ecoclub members participated in the cleaning activity. The volunteers were from different departments and were divided into several groups to cover different areas of the campus.

Cleaning Process: The volunteers started the cleaning activity early in the morning. They first collected all the garbage and litter that was lying around the campus. They segregated the garbage into biodegradable and non-biodegradable waste and disposed of it in the appropriate manner. The volunteers then swept the campus, including the classrooms, corridors, and open spaces. The volunteers also planted some saplings in the campus.

Outcomes: The cleaning activity was a huge success. The campus looked much cleaner and tidier after the activity. The students were able to walk around the campus without having to worry about stepping on litter or garbage. The volunteers also learnt the importance of cleanliness and how their actions can have a positive impact on the environment.

Conclusion: The cleaning activity organized by the NSS volunteers and Ecoclub members of the DS Govt. Degree College for Women, Ongole was a great success. It not only helped to make the campus a cleaner and healthier place to study but also created awareness among the students about the importance of cleanliness and environmental conservation.
