## **AUTONOMOUS STATUS TO DSGDC(W), ONGOLE**

University Grants Commission has conferred the autonomous status to D.S. Government Degree College for Women, on 18<sup>th</sup> July, 2024 affiliating to Andhra Kesari University for a period of 10 years for the academic year 2024-2025 to 2033-2034.

This decision reflects our institution's commitment to excellence in education and its readiness to embrace greater responsibility and autonomy in academic and administrative matters. The only Government college for women in the district headquarters, DS Government Degree college for women had secured A+ Grade in NAAC with 3.35/4 points in 2023.

The news of our college achieving autonomous status has been met with immense joy and pride by both the principal and staff members. All the faculty congratulated Principal Dr.D. Kalyani. This status will empower us to better meet the needs of our students and prepare them for future success. Our college has also achieved rank in NIRF and Google suit from Google organization.

The principal and faculty are equally thrilled and proud of this accomplishment. Our collective efforts and commitment to maintaining high standards of education have been instrumental in securing this status. The autonomy will provide new opportunities for innovation and growth, which has energized and motivated the entire team.

## ZP SCHOOL STUDENTS DEVELOP 'PADDY GUARDIAN'

Designed at ARII Tricking Lab, the budget-friendly paddy dryer will address challenges faced by farmers, particularly during heavy rains.

**EXPRESS NEWS SERVICE @ Ongole**

A group of 10 students from ZP School, Bhadrachalam, have developed a budget-friendly paddy dryer called 'Paddy Guardian' at the ARII Tricking Lab, Ongole. The device is designed to dry paddy grains quickly and efficiently, reducing the risk of mold and spoilage during heavy rains. The students, under the guidance of their teachers, spent several weeks working on the project. They used locally sourced materials to create a sturdy and effective dryer. The 'Paddy Guardian' is a simple yet innovative solution that can help farmers in the region, particularly during the monsoon season. The ARII Tricking Lab, a research center for agricultural innovations, provided the students with the necessary resources and guidance. The project was a part of a larger initiative to promote rural innovation and entrepreneurship among school children. The students were awarded certificates for their hard work and creativity. The 'Paddy Guardian' is expected to be a valuable tool for farmers in the region, helping them to protect their crops and improve their livelihoods.
